

DUAL

Do you know

DUAL Cyber?

Delivering comprehensive first and third party solutions for today's modern threats

As one of the largest independent underwriting organizations in the US with more than 40 products across a wide range of industries, DUAL is known for having the top underwriting experts across the country and for delivering results. But how much do you know about our growing Cyber program?

DUAL Cyber is comprised of a team of five located throughout the US. With comprehensive solutions across a broad spectrum of businesses, we're here to help you prevent and combat cybersecurity risks.

- Cyber coverage available in all 50 states
- Capacity provided by "A" rated London syndicates
- Primary and excess coverage for up to \$15m in primary cyber limits (with three syndicates) and up to \$10m in cyber-technology
- Coverage for over 700 NAICs codes and for revenues of up to \$250m
- Ability to craft custom, white label solutions, bulk quoting, and affinity groups
- Comprehensive risk management solutions

Full service offering, including:

- Breach costs coverage(s)
- Contingent and dependent business interruption
- Breach costs outside the limit (cyber only)
- System failure and contingent system failure
- Enhancements including betterment, bricking, social engineering, and a host of endorsements

Get cyber coverage online with DUAL's digital platform

Rate, quote, and bind a cyber policy in minutes using our online portal. Available 24/7, you can bind a policy up to \$3m in limits and \$100m in revenue. Get access today at dualinsurance.com/quote-online

Comprehensive risk management solutions

- Comprehensive, active and continuous monitoring, including vulnerability scanning, alerting, and immediate remediation from several award-winning partners
- On demand access to our primary breach coach for pre-reach consultation
- Complementary risk management services provided to every insured, including:
 - Two-hour consultation with a cybersecurity expert
 - Complete malware service 30 day trial
 - Cybersecurity online education training for employees
 - Comprehensive perimeter security review and vulnerability baseline risk assessment
 - Free two week trial of our advanced email collaboration and security, with discounted continuation of services
 - Special pricing for EDR, XDR, and advanced security tools with policy discounts on renewal
 - Free access to physical perimeter security. Each insured is entitled to access:
 - 4 free cameras
 - One year of cloud storage, including security retention and back ups
 - Ability to purchase additional services from our partners
