

Environmental Liability

Comprehensive coverage for expected (and unexpected) risks

Our Environmental Liability team tailors insurance packages exclusively for environmental contractors, consultants and facilities, with pollution coverage for non-environmental contractors and facilities.

As our partner, your clients are covered on all fronts, especially in a complicated and turbulent environmental risk market. Our specialists are dedicated to proactive solutions and comprehensive packages that give peace of mind, even when unexpected risks make a business vulnerable.

Key features

- Nationwide program, non-admitted
- Multiple carriers ranging from A-X to A+XV on a quota share basis
- Limits: \$6m per occurrence/\$7m aggregate
- Umbrella (following form excess) supported or unsupported up to \$5m limit
- Excess over package, auto, liability and employers' liability
- Minimum premium: \$1,000 monoline, \$1,500 package, \$1,500 excess, \$2,500 unsupported excess
- Minimum deductible: primary \$0/excess \$10,000 SIR
- Can include CGL, CPL, PL TPL, site pollution and XS

Our appetite

- Environmental contractors
- Environmental consultants
- Engineers and laboratories
- Facilities that treat, store, handle or dispose of waste
- Fire/water restoration
- Most classes of non-environmental contractors are eligible for standalone contractors' pollution liability
- Most classes of property owners/operators are eligible for standalone site pollution liability

What we cover

- Commercial general liability (occurrence or claims made)
- Professional liability (claims made)
- Contractors' pollution liability (occurrence or claims made)
- Transportation pollution liability
- Site pollution liability (claims made)
- Umbrella supported or unsupported (following form excess) up to \$5m limit
- Excess over package, auto liability, employers liability

Get started on a submission
