

Risk management support system

DUAL's Risk Management Support System (RMSS) is a unique online platform where DUAL Specialty Construction & Transport insureds can access a comprehensive suite of risk management resources. Enjoy 24/7 single sign-in and access to risk management tools specific to the heavy construction industry.

Includes access to a variety of DUAL exclusive services and partnerships:

- DUAL Specialty Construction & Transport Safety & Health Program
- DUAL Specialty Construction & Transport Driver Training Program
- Discounted Camera Program
- Driver Insights Program
- OSHA litigation support
- Manufacturer training content
- Industry association safety content
- Fleet Cost & Care - preferred pricing for DUAL insureds
- ITI - preferred pricing on premium content

Includes contract management documents and case studies unique to each market segment our insured companies operate in:

- Crane & rigging
- Concrete pump
- Specialized transportation

Why use the RMSS?

The RMSS is the power behind your DUAL Specialty Construction & Transport policy. This complimentary toolkit allows you to take proactive steps toward managing risk more effectively, resulting in a more profitable business.
